EBSCOhost Mobile

Tutorial
Welcome to the EBSCOhost Mobile tutorial, a guide to the most popular EBSCOhost features available for use on mobile devices such as the iPhone, BlackBerry, and Android-based smartphones.
If you are using a device with a touch screen, such as an iPhone, tap the Find field to reveal your onscreen keypad and enter your search terms. Make selections by tapping the screen.

If you are using a BlackBerry, navigate to the Find field using your trackball and type in the keywords using the keypad. Make selections by pressing the trackball of your device.

We'll begin by conducting a Basic Search on global warming.

You can view available limiters and expanders by clicking or tapping the Search Options link.
Under the **Search Options**, it is easy to limit or expand your search results.

You can choose from one of the available Search Modes and depending upon the databases you have chosen, you may see the ability to limit a search by Full Text articles, Scholarly (Peer Reviewed) Journals, or a particular publication that you enter in the field provided.
Your result list is displayed. From the result list, you have the following options:

- To view an article’s detail page, click or tap the article title.
- If available, you can view the full text of an article by clicking the HTML Full Text or PDF Full Text link.
- View Image Quick View results by clicking an image displayed with an article’s information.
- E-mail results to yourself by clicking the E-mail Results link at the top of the result list.
- To further refine your results, click the Search Options link below the Find field, apply additional limiters, and click Search.
From an article detail page, you can e-mail the article to yourself, along with any available full text by clicking or tapping the E-mail icon near the top of the page.

To view the full text, click the HTML or PDF full text icon.

Click the Find Similar Results link to view a result list of items similar to the article you are currently viewing.
Click or tap the **Images** link at the top of the screen to view the image search screen.
From the Image search screen, you can search the Image Collection and Image Quick View Collection databases.

Narrow your search by image types, such as:

- Photos of people
- Historical photos
- Maps
- Color photographs
- Graphs

To use image search, simply enter your search terms, select your preferred image types, and click Search.

Note that the image search screen is not available in all EBSCOhost databases.
A result list of images related to your search terms is displayed with a description of each image.

Click or tap an image thumbnail to view the full-size image.
At any time during your session, you can click on the Help link in the upper right corner to view the complete online Help system.

You can also visit the EBSCO Support Site at http://support.ebsco.com to read EBSCOhost Mobile FAQs including specific instructions on setting up an EBSCOhost Mobile profile.

This concludes the EBSCOhost Mobile tutorial.
